Personal Essay

Enclose with this application a personal essay written independently by you in English. We require a typewritten or word-processed essay of 750 to 1000 words in length. This personal essay helps us become acquainted with you as a person and as a student, apart from courses, grades, test scores, and other objective data. You should describe yourself, what makes you unique, and what you will contribute to your school community in the U.S.

The following questions are examples of those that you might address in your essay. **Please do not try to answer every question**, but rather seek to fully introduce yourself in a personal and meaningful manner.

- Have you had a unique experience or relationship that is of particular importance to you and who you are?
- Describe the members of your family and your relationships with them.
- Tell us about your most common activities and interests, including sports, hobbies, music, the arts, and membership in clubs or other group organizations.
- Do you have any special accomplishments and/or talents?
- Do you have any leadership experience?
- What are your educational plans following your ASSIST experience?
- What are your specific reasons for wishing to undertake this experience?

Please sign your essay. We ask that you include a few informal photographs of yourself with your family and/or with your friends. If you already possess a passport, please include a copy of that document.
